The undermentioned Letter No. F. 36-65—35-G, dated the 10th December 1936, from the Government of India, Department of Education, Health and Lands, is published for general information in continuation of Notification No. G. 7937—G. M. 6-35-67, dated the 1st April 1936 :—

"I am directed to say that since the introduction of the procedure for the official verification of vaccination certificates issued by registered medical practitioners in India by means of countersignature, the Government of India have received a large number of protests from all classes of the medical profession in India. They have, therefore, after careful consideration, decided that the existing instructions limiting the countersignature of vaccination certificates to certain selected officials should henceforth apply only to cases of passengers proceeding to East and South African ports and Iraq.

2. This decision involves amending the "Note" appended to the standard form of vaccination certificate, copies of which were forwarded with this Department Letter No. F. 36-22, of 35-G, dated the 31st December 1935, and I am to request that the following words may kindly be added at the beginning of the Note :—In the case of a passenger proceeding to any of the ports in East and South Africa and also in Iraq.

3. I am to request that necessary steps may kindly be taken early to give as wide a publicity as possible to the above decision."

BOMBAY WEIGHTS AND MEASURES ACT, 1932.

APPLICATION OF—TO THE SUBJECTS OF INDIAN STATES WHEN THEY TRADE IN THE BOMBAY PRESIDENCY.

I am directed by the Governor in Council to state that the Bombay Weights and Measures Act 1932 (Bom. XV of 1932) is not applicable to Indian States in and contiguous to the Bombay Presidency and accordingly the traders in these States do not use the standard weights and measures prescribed under the Act and the Rules thereunder. It has been reported to the Local Government that on occasions such as fairs, fetes, etc., subjects of the adjoining Indian States come and open shops in British Districts and use for the purposes of trade, weights and measures which are not recognised by Government. The result of such temporary use of unauthorised weights and measures by State subjects has an adverse effect on the trade of persons in the Bombay Presidency who have complied with the Act and adopted the use of standard weights and measures.

I am therefore to request that the Government of India may be moved to make a reference in the matter to the Agents to the Governor-General concerned, requesting them to ask the States within their respective jurisdictions to notify to their subjects that they should comply with the provision of the Bombay Weights and Measures Act and the Rules thereunder, whenever they visit for the purposes of trade, the various Districts of this Presidency.

A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both, he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to either.

3. At this examination, 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General-in-Council, however, reserves to himself the right to fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. One vacancy will be offered for admission to the Engineer Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. All candidates on joining the Indian Military Academy may volunteer to be considered for the technical arms, and will be given a test examination in Mathematics. 2. Vacancies will be filled in accordance with the instructions in the Home Department Resolution No. F. 14/17-B.—32-Ests., dated the 4th July, 1934.

The number of vacancies which will occur during this period is not definitely known at present. It is expected that besides other vacancies there will be about eighteen vacancies to be filled by lady candidates.

NOTE.—It has been decided by the Government of India that the employment of lady clerks in offices of Army Headquarters will be restricted to unmarried ladies and widows, who will be required to resign their respective appointments on marriage or re-marriage as the case may be.

3. (*a*) Candidates will be placed in the order of their merit in the examination and will be offered posts as vacancies occur.

(*b*) Posts reserved for candidates of a particular community will be offered to candidates of that community in order of merit:

Provided that in each case the Federal Public Service Commission are satisfied that the candidate is suitable for employment in the Ministerial Establishment of the Government of India.

(*c*) Candidates will, on first appointment to a permanent vacancy or a vacancy expected to become permanent, be placed on probation for at least one year and will, during this period, draw salary at the minimum of the time-scale:

Provided that candidates holding substantive posts under Government at the time of such appointment will draw their substantive pay if at any time, during the period of probation, it exceeds the minimum of the time-scale.

(*d*) It is not open to successful candidates to choose between different kinds of offices except when they prefer a Civil to an Army Headquarters Office. Candidates are required to state in their application forms whether they are willing to accept employment in Army Headquarters or not, and those who answer this question in the affirmative and subsequently decline an appointment in Army Headquarters will be relegated to the bottom of the list of candidates considered suitable for employment. They will subsequently be considered for vacancies in Civil Offices only.

Provided also that a ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under Section 96-A of the Government of India Act, 1919 or Section 262 of the Government of India Act, 1935.

Section VIII—(*b*) Visas for Iran.

Many Indian Pilgrims obtained transit visas from the Iranian Consul at Bagdad without difficulty. These visas are not granted for any specific period, but on arrival at Meshed the holders are informed by the Iranian police that they should not prolong their stay beyond a fortnight in Iran.

Ordinary visas valid for one month are also issued by the Iranian Consul and this period can be extended for a further two months if the pilgrims so request when registering their pilgrim passes at Meshed.

Unless pilgrims are confident of being able to complete their pilgrimage expeditiously, it is preferable that they should obtain full visas.

No. F. 35—3—37.—The following Rules which have been made by the Secretary of State for India to regulate appointment to the Indian Civil Service by nomination are published for general information:—

1. These Rules may be called the Indian Civil Service (Nomination) Rules.

2. Every candidate for appointment by nomination to the Indian Civil Service must be a male and either:—

(*a*) a British subject of Indian domicile or of European or Indian descent domiciled in Burma whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

Provided that in the case of a male British subject the requirements of this rule may be waived by the Secretary of State if he is satisfied that their observance would occasion exceptional hardship and the candidate is so closely connected by ancestry and upbringing with His Majesty's Dominions as to justify special treatment.

3. Subject to the proviso to Rule 8 of these Rules, a candidate must have attained the age of 21 and must not have attained the age of 24 on the 1st day of January in the year in which the selection is made by the Federal Public Service Commission.

4. A candidate must be free from disease, constitutional affection or bodily infirmity unfitting him, or likely to unfit him, for the Indian Civil Service.

5. A candidate must satisfy the Governor-General in Council that he is in all respects suitable for employment in the Indian Civil Service.

6. A candidate must hold a degree of a University approved by the Governor-General in Council * or the Senior Diploma of the Mayo College, Ajmer. The degree held by a candidate must be a degree in arts, science, or letters, and a degree held in a professional or vocational subject will not be accepted. Any question whether a degree held by a candidate is of a nature qualifying him for nomination to the Indian Civil Service shall be decided by the Federal Public Service Commission, whose decision shall be final.

In exceptional cases the Federal Public Service Commission may on the recommendation of a local Government treat as a qualified candidate a candidate who, though not possessing any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which, in the opinion of the Federal Public Service Commission, justifies his nomination.

7. The Governor-General in Council shall call on the Federal Public Service Commission to recommend such number of candidates as he may direct, selected with regard to the community to which they belong or to such other considerations as he may prescribe.

8. The Federal Public Service Commission shall make their recommendations under Rule 7 primarily from the list of candidates who sat at the annual competitive examination held in India for the Indian Civil Service in the year in which the selection is made.

Provided always that the Federal Public Service Commission may include among the persons to be primarily considered any candidate who has sat at the annual competitive examination held in London for the Indian Civil Service in the year preceding the year in which the selection is made and who, in their opinion, is exceptionally suitable, and that for such candidates the age restriction laid down in Rule 3 shall not apply.

The Federal Public Service Commission may, however, if they consider it necessary, call for fresh names in such numbers and from such Local Governments as the Governor-General in Council may direct.

The Federal Public Service Commission shall recommend from the candidates whom they consider suitable the number directed under Rule 7 in order of preference.

9. The Governor-General in Council shall forward to the Secretary of State for India the recommendations made by the Federal Public Service Commission and shall propose candidates for appointment.

10. Candidates accepted for appointment will be required to proceed to, and remain in, the United Kingdom on probation for such period and in such manner as is prescribed by the Regulations made by the Secretary of State for India for the training in the United Kingdom and the further examination of probationers for the Indian Civil Service.

LOCAL SELF-GOVERNMENT SECRETARIAT

No. G. 3295—*P. H.* 47-36-2, *dated* 21*st October* 1937.

The following communication from the Public Health Commissioner with the Government of India (together with its enclosure) regarding Kumbh fairs to be held at Haridwar and Brindaban in 1938, is hereby published for general information :—

Copy of letter No. 662—37-2—H., dated the 7th August 1937, from the Public Health Commissioner with the Government of India.

Kumbh fairs to be held at Haridwar from 1st February to 30th April 1938 and Bridaban from 1st February to 21st March 1938.

I have the honor to forward a copy of a letter No. 25379—V. 1202-38, dated the 28th July 1937, from the Director of Public Haalth, United Province, Lucknow, on the above subject and to request that necessary steps may kindly be taken to inform all provincial Governments and Administrations, Indian States and the Railway Board of the occurrence of the Kumbh fairs at Haridwar and Brindaban on the dates mentioned above.

2. I am publishing this information in my Epidemic Diseases Summary.

Copy of letter No. 25379—V. 1202-38, dated the 28th July 1937, from the Director of Public Health, United Provinces, to the Public Health Commissioner with the Government of India, Simla.

I have the honor to state that during 1938, there will be held two Kumbh fairs—one at Haridwar and the other at Brindaba... The former will last from February 1, to April 30, 1938, the principal days falling on February 26, March 31 and Kumbh, the chief day, on April 13, 1938. The gathering on the chief day is estimated at about 10 lakhs. A large number of pilgrims, who will visit Haridwar will also visit Rishikesh and the famous shrines at Kedar Nath and Badri Nath on the pilgrim route in the District of Garhwal. The Kumbh fair at Brindavan will be held from February 1, to March 21, 1938, March 12 being the Chief day. The gathering on the chief day is estimated at about 3 lakhs.

As the above Melas are of an all India importance, pilgrims are expected to arrive from other provinces as well. In order to check the importation of cholera into the mela area and its spread, I am proposing to establish posts for the medical inspection of pilgrims at certain railway stations and roads leading to the fair areas. It is requested that necessary information in regard to these fairs may be given to the other Provinces and States concerned.

No. Fl. 2325—*Regis.* 7-37-15, *dated* 27—28*th October* 1937.

In exercise of the powers conferred by Section 5 of the Registration Regulation, the Government of His Highness the Maharaja of Mysore are pleased to order the transfer of the Registration jurisdiction of the villages noted below to the Sub-Registry Office of Chamarajanagar and of Kuderu, respectively, with effect from 3rd January 1938.

15. *Estimate of cost of the* 1938 *Hajj.*—It has been estimated for the current Haj season that at the current rate of exchange (One pound gold=110 Piastres Miri=Rupees 22-6-0) the minimum cost of pilgrimage, including a visit to Madina to a pilgrim who proceeds to Jedda as a deck passenger and travels on a camel in the Hejaz would be approximately Rs. 550 if he sails from Bombay, Rs. 545 if he sails from Karachi and Rs. 605 if he sails from Calcutta. Substantial additions to these figures will also be necessary if the pilgrim chooses to adopt more comfortable means of locomotion and a higher standard of living. As the estimated minimum cost would prove insufficient, should there be a rise in the value of gold, it is suggested that no pilgrim, not even the hardiest and poorest, should start on the pilgrimage unless he has provided himself with at least Rs. 560. In the case of a pilgrim travelling second class on board the ship and in a motor bus in the Hejaz, the cost is estimated to be about Rs 1,170 in the case of pilgrims sailing from Bombay, Rs. 1,145 in the case of those sailing from Karachi and Rs. 1,245 in the case of those sailing from Calcutta. If the pilgrim travels first class on the ship and uses a touring motor car for journeys in the Hejaz, the expenditure would be approximately Rs. 1,725, Rs. 1,700 or Rs. 1,800 according as he sails from Bombay, Karachi or Calcutta.

In continuation of this Department circular letter No. F. 36-65—35-G., dated the 10th December 1936, I am directed to say that the Government of India have after careful consideration decided to authorise the following additional classes of officers to issue vaccination certificates without countersignature and to countersign such certificates issued by other registered medical practitioners:—

GOVERNMENT OF INDIA.

Department of Education, Health and Lands.

Simla, the 7th October 1937.

NOTICE TO INTENDING PASSENGERS FROM INDIA TO FOREIGN PORTS.

To prevent the spread of small-pox from infected countries it was decided at the Regional Conference of the League of Nations held at Cape Town in 1932, that intending passengers from such countries should not be permitted to embark for foreign ports unless they are in possession of valid vaccination certificates, and that facilities should be provided for the issue of such certificates.

It is, therefore, necessary that passengers from India to foreign ports should either possess a certificate of vaccination issued by a registered medical practitioner showing that vaccination has been performed not less than 12 days and not more than 3 years before the date of embarkation or bear scars or marks of a previous attack of small-pox.

Passengers bound for East and South Africa ports and Iraq and pilgrims proceeding to Saudi Arabia must possess certificates of vaccination granted by (i) Civil Surgeons, (ii) District or Municipal Medical Officers of Health, (iii) Directors or Assistant Directors of Health, (iv) Port Health Officers of major ports, (v) Chief Medical Officers of Railways, (vi) Chief Medical Officers and Directors of Public Health in Indian States who possess a qualification included in the Schedules to the Indian Medical Council Act, 1933, (vii) Senior Medical Officers in charge of Military Stations and (viii) District Medical Officers of Railways whether in British India or in Indian States who possess qualifications recognised under the Indian Medical Council Act, 1933. If such certificates are granted by other registered medical practitioners, they must be countersigned by one or other of the officers mentioned above. This countersignature shall be obtained free of charge to the passenger by the registered medical practitioner granting the certificate.

All passengers from India to foreign ports are advised to comply with these rules if they are to avoid inconvenience and possibly detention at the port of debarkation.

P. H. KRISHNA RAO,
Secretary to Government,

Simla, the 16*th October* 1937.

No. F. 38-5-36.—The following Rules made by the Secretary of State for India are published for general information :—

THE INDIAN CIVIL SERVICE (PROBATIONARY SERVICE) RULES, 1937.

In exercise of the powers conferred by paragraph (a) of sub-section (1) of Section 247 of the Government of India Act, 1935, the Secretary of State hereby makes the following Rules :—

1. (1) These Rules may be cited as the Indian Civil Service (Probationary Service) Rules, 1937.

(2) They shall apply to all persons appointed under Rule 2 of these Rules during the year nineteen hundred and thirty-seven.

2. A person selected, either in India or in the United Kingdom, and whether or not as the result of written examination, for admission to the Indian Civil Service, shall be appointed to be a member of that Service on probation, and a person so appointed is hereinafter referred to as "a probationer".

3. Every probationer shall spend one year after appointment at one of the following Universities : The University of Oxford; the University of Cambridge; the University of London, School of Oriental Studies; or the University of Dublin, Trinity College.

4. Unless the Secretary of State for special reasons otherwise directs in the particular case the whole period of probation shall be passed at the same University.

5. A probationer who fails to comply with the provisions of these Rules or to obey any order which he may receive from the Secretary of State, the Civil Service Commissioners, a Supervisor of Probationers, or any other duly constituted authority acting on behalf of the Secretary of State, or who wilfully neglects his probationary studies or is guilty of conduct unbecoming an officer of the Indian Civil Service, will be liable to removal from the Service.

The Secretary of State shall decide any question arising under this Rule, and his decision shall be final.

6. Periodical reports on the conduct and progress of probationers shall be made to the Secretary of State by the Supervisor at each University (in the case of Trinity College, Dublin, by the Registrar of the Indian and Home Civil Service School) and the Secretary of State, in cases of misconduct or unsatisfactory progress, will take such disciplinary action as he may consider necessary.

7. Any communication which a probationer may be required or which he may wish to make to the India Office, or to the Civil Service Commissioners, and, in particular, all applications for permission to join an Inn of Court or to pursue an extra course of study, all communications in regard to the payment of the probationary allowance or of the overland allowance, and all applications for permission to make his own arrangements for proceeding to India, shall, if circumstances permit, be addressed, in the first instance, to the Supervisor at the University where the probationer is passing his period of probation (in the case of Trinity College, Dublin, to the Registrar of the Indian and Home Civil Service School).

8. Probationers shall, at or about the end of the year of probation, undergo an examination, to be called the Final Examination. The subjects of this examination and the marks respectively obtainable for them shall be as follows :

9. (1) Each probationer shall offer for examination the vernacular language shown in

Column 2 against his province in the following table unless he is already familiar with that language or with a language closely allied to it. A probationer assigned to Madras who is familiar with one only of the languages named shall offer the other.

(2) A probationer who is not required by sub-rule (1) to offer a language named in column 2 shall offer the language, if any, named in column 3 against his province, unless he is already familiar with that language or with a language closely allied to it.

(3) A probationer who is not required under the preceding sub-rules to offer a vernacular language, shall offer an alternative subject approved by the Civil Service Commissioners. The alternative subjects which may be approved for this purpose are—

(*a*) Another approved vernacular;
(*b*) A classical language selected from Sanskrit, Arabic and Persian;
(*c*) British History;
(*d*) European History; and
(*e*) Currency, Banking and Public Finance.

Any question as to the interpretation, and application of this Rule shall be decided by the Civil Service Commissioners.

10. In addition to the Final Examination in riding, probationers may be required to attend for examination in this subject at such time or times during the probationary period as the Civil Service Commissioners may appoint.

11. Such deductions shall be made from the marks assigned to probationers at the Final Examination as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

12. Probationers may be required to attend lectures in other subjects including Hindu and Muhammadan Law; Indian Social Welfare and Public Health, besides those which are prescribed for the Final Examination.

13. The Civil Service Commissioners shall prepare a list of the probationers in order of merit as indicated by the marks awarded at the Final Examination. The seniority of probationers *inter se* shall be determined by the order in which their names appear in this list.

14. The Civil Service Commissioners may, in their discretion, at any time prior to the grant of the Certificate of Qualification referred to in the next succeeding Rule, institute, or cause to be instituted, such enquiries as they may deem necessary in respect of the nationality, age, health, character and conduct of a probationer, and if the result of such enquiries is unsatisfactory in any of the above respects, the Secretary of State may, after consultation with the Civil Service Commissioners, forthwith remove the probationer from the Indian Civil Service.

15. The probationers whose performance in the subjects of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners as to their eligibility in respect of nationality, age, health, character and conduct during the period of probation, shall be certified by the Commissioners to be qualified for further employment in the Indian Civil Service.

16. Every probationer in respect of whom the certificate referred to in the last preceding Rule is granted shall execute a Covenant in the form annexed to these Rules and shall pay the stamp duty of one pound thereon.

17. A probationer who fails to satisfy the Civil Service Commissioners at the Final Examination shall thereupon cease to be a member of the Indian Civil Service unless the Secretary of State shall, after reference to the Civil Service Commissioners, allow him to sit for re-examination in the subject or subjects in which he failed. The marks awarded to a probationer on re-examination shall not be taken into account by the Commissioners in assessing the order of merit as prescribed by Rule 13.

18. If any probationer is prevented by sickness or any other adequate cause from attending, or from completing his course of study for the Final Examination, the Commissioners may with the concurrence of the Secretary of State, allow him to appear at the Final Examination to be held in the following year, or may arrange for him to be specially examined in any or all of the subjects prescribed for the Final Examination after such interval as may seem to them suitable having regard to the circumstances of the case. The marks awarded to a probationer in respect of such a special examination shall not be taken into account by the Commissioners in assessing the order of merit referred to in Rule 13.

19. A probationer who wishes to join an Inn of Court, or to pursue an extra course of study, in addition to the course prescribed in these Rules, shall first obtain the permission of the Secretary of State. Permission to pursue an extra course of study will be accorded only in exceptional circumstances, and, if accorded, will be subject to review at any time.

20. (1) No salary shall be payable to a probationer in respect of his service during the probationary period, but each probationer shall receive an allowance of £300, or, if he is an Asiatic domicile, of £350.

(2) The allowance shall be payable by the High Commissioner for India in twelve monthly instalments, the first of £65 (£90 in the case of probationers with an Asiatic domicile) on appointment, and the last, of £35, after signature of the Covenant. The remainder of the

allowance shall be payable in ten equal instalments of £20 (£22-10s. in the case of probationers with an Asiatic domicile). The Secretary of State may, if he thinks fit, direct the continuation of the allowance to a probationer whose Final Examination is postponed, in circumstances over which he has no control, but in no circumstances shall additional payments be made to a probationer whose departure for India is delayed on account of his failure to satisfy the Civil Service Commissioners at the Final Examination.

(3) Each probationer shall intimate to the Under Secretary of State for India, Services Department, the address to which it is desired that the instalments of his allowance should be sent.

21. On appointment, each probationer shall execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received in pursuance of these Rules in the event of—

(*a*) the refusal of the Civil Service Commissioners to issue a certificate under Rule 15 in respect of the probationer; or

(*b*) the failure of the probationer to execute the Covenant prescribed by these Rules and to proceed to India at the time and in the manner directed by the Secretary of State.

22. (1) A free passage to India shall be provided by the High Commissioner for India for every officer who has been directed in accordance with these Rules to report for duty in India. If such an officer elects to travel over land from London to Marseilles, he may apply for payment of the overland allowance as fixed from time to time. No baggage expenses or other allowance will be admissible.

(2) An officer who desires to make his own arrangements for proceeding to India must first satisfy the Secretary of State that he has good reasons for wishing to do so and that the arrangements which he proposes to make are suitable. He may then be granted an allowance of such amount as may be determined from time to time by the Secretary of State.

23. Nothing in the foregoing Rules shall be construed as limiting the power of the Secretary of State to remove, at any time, a probationer from the Indian Civil Service if reasons exist, which, in his judgment, justify such action.

OFFICIAL MEMORANDUM.

The following appeal of Her Excellency the Marchioness of Linlithgow for donations to the King Emperor's Fund for the prevention and treatment of Tuberculosis in India together with the message of His Excellency the Viceroy supporting it, is published for general information.

2. Proposals in regard to the constitution of a suitable agency for organising collections to the Fund are under the consideration of Government and the arrangements in this connection will be announced separately.

3. In the meantime, all the District and Taluk Treasuries in the Mysore State are authorised to receive subscriptions for the Fund from the public.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

KING-EMPEROR'S ANTI-TUBERCULOSIS FUND FOR INDIA.

HER EXCELLENCY THE MARCHIONESS OF LINLITHGOW'S APPEAL.

Patrons :

The Governors of Provinces.
The Ruling Princes of India.
The Members of His Excellency the Viceroy's Executive Council.
The President of the Council of State.
The President of the Legislative Assembly.
The Chief Justice and the Judges of the Federal Court.

I have for a long time been deeply interested in the work which is carried out in England to combat Tuberculosis and turning my mind to the same subject when I came to India I have found that here also this terrible disease has been working incalculable harm. From inquiries which I have made I am satisfied that of all the evils which afflict India and which charitable endeavour, strengthened by adequate resorces and properly directed, can help to mitigate, Tuberculosis is at once the most deadly and the one which most needs attention in a fresh aspect. Everyone who has experience of the ravages of Tuberculosis must know how dreadful a danger it is to the life, the happiness, and the spirit of the community. I believe that the public conscience in almost every class of society is already greatly stirred by the menace of Tuberculosis, and I feel that it would be difficult to render the people of India a better service than that of trying to protect them against this terrible scourge. I know that the disease is primarily an urban one; but the extent of its increase in recent years in rural areas shows how important it is to extend preventive measures to those areas also. I have therefore decided to appeal to the whole of India for the collection of money on as large a scale as possible to finance a determined and continuing campaign against the spread of the disease.

I am happy in being able to announce that His Majesty the King-Emperor has approved my plan and, by way of showing his direct and immediate sympathy with it, has graciously consented to the Fund which I propose to raise being named the King-Emperor's Fund. All will agree that there could be no more fitting and beneficent memorial of His Gracious Majesty's Accession than a Fund such as this. His Majesty's interest in the scheme is close and personal and he has asked to be kept informed of the progress of my undertaking.

If I am as successful as I hope to be, it is intended to found an Anti-Tuberculosis Association for India, consisting of a Central Body supported by Provincial and State organisations, which would be expected to affiliate themselves to the Central Body, and to apply a uniform policy to the circumstance of the different localities in which Tuberculosis prevails. The expenditure in the Provinces and States would be mainly on the maintenance of clinics and where possible on sanatoria and after-care settlements, while the expenditure at Headquarters, directed by experts and representatives of the affiliated organisations, would be on research, the providing of technical advice and general co-ordination of effort and on a central model clinic in Delhi. But as the most effective and really concrete work falls to be done in the Provinces and States, I propose that of the monies raised in the Provinces and States in answer to this appeal, as much as 95 per cent should be returned for local expenditure, and the remaining 5 per cent together with any subscriptions that may be voluntarily earmarked by the donors for expenditure on central activities, should be retained by the Central Organisation.

The people of India are well known for their charity and their benevolence to suffering humanity. I feel confident therefore that my appeal will be received with the sympathy it surely deserves. It is a most earnest and sincere appeal. I myself will spare no effort to prosecute it and at all time to aid in the fight against Tuberculosis to the best of my powers. But success demands the practical co-operation of the people of India themselves; and I

hope with all my heart that I will have this in full measure. I hope that everyone in India, rich and poor, will contribute according to their means—much or little—to this great cause, grasping a noble opportunity of united effort to oppose a great evil in India and to promote the highest welfare of her people.

H. E. THE VICEROY'S MESSAGE.

The Appeal which Lady Linlithgow is making for the King Emperor's Fund for the prevention and treatment of Tuberculosis in India has my warmest and heartiest support. I know only too well the ravages which Tuberculosis has caused and is causing in India, and the threat which it constitutes to the health and the happiness of her peoples and to the development of this great country cannot be exaggerated. From the enquiries I have made in many quarters, and from my conversations with persons well acquainted with the preventive measures which are being taken, I am fully alive to the importance which Indian public opinion attaches to early action to safeguard the position. Of the sums now to be collected 95 per cent will be attributed for disposal to the Provinces and the States in which they have been collected, and I am confident that public spirited individuals in Provinces and States alike will seize this opportunity of showing by their generous contributions and the importance which they attach to safeguarding the area with which they are most closely associated, and that the response to the Appeal which is now being made under the gracious patronage of His Majesty the King Emperor will be outstanding in character.

LINLITHGOW.
